Leadership statement

Summarize the reporting period, strategic context, progress, shortfalls, material changes, and leadership accountability.

Document control	Detail
Owner	Mara Klein
Reference	NS-073-2026
Effective date	4 August 2026
Status	Ready for review

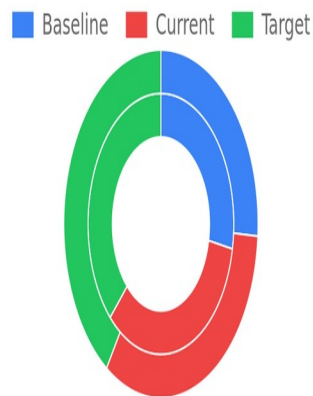

Reporting basis

Define entities, operations, period, consolidation, standards, estimates, restatements, comparatives, and external assurance.

- Confirm the responsible owner and decision deadline.
- Record evidence, assumptions, and dependencies explicitly.
- Convert the agreed outcome into a trackable next action.

Performance overview

Illustrative performance profile

Materiality and stakeholders

Explain stakeholder groups, engagement, impact and financial materiality process, prioritization, and governance approval.

Measure	Baseline	Current	Target
Materiality and stakeholders	58	74	90
Delivery confidence	64%	78%	86%

Climate and environment

Report energy, emissions, climate risk, water, waste, biodiversity, targets, methods, performance, and transition actions.

- Confirm the responsible owner and decision deadline.
- Record evidence, assumptions, and dependencies explicitly.
- Convert the agreed outcome into a trackable next action.

People and communities

Cover workforce profile, safety, inclusion, development, labor practices, human rights, community impact, and remedy.

Measure	Baseline	Current	Target
People and communities	58	74	90
Delivery confidence	64%	78%	86%

Governance and conduct

Describe oversight, incentives, ethics, compliance, speak-up, data responsibility, supply chain, and policy effectiveness.

- Confirm the responsible owner and decision deadline.
- Record evidence, assumptions, and dependencies explicitly.
- Convert the agreed outcome into a trackable next action.

Performance and targets

Present baseline, current result, target, unit, scope, methodology, status, corrective action, and target changes consistently.

Measure	Baseline	Current	Target
Performance and targets	58	74	90
Delivery confidence	64%	78%	86%

Data index and assurance

Map disclosures to sources, owners, definitions, controls, omissions, assurance status, contact, and future reporting commitments.

- Confirm the responsible owner and decision deadline.
- Record evidence, assumptions, and dependencies explicitly.
- Convert the agreed outcome into a trackable next action.
